

Create your own notebook from the EXAM example

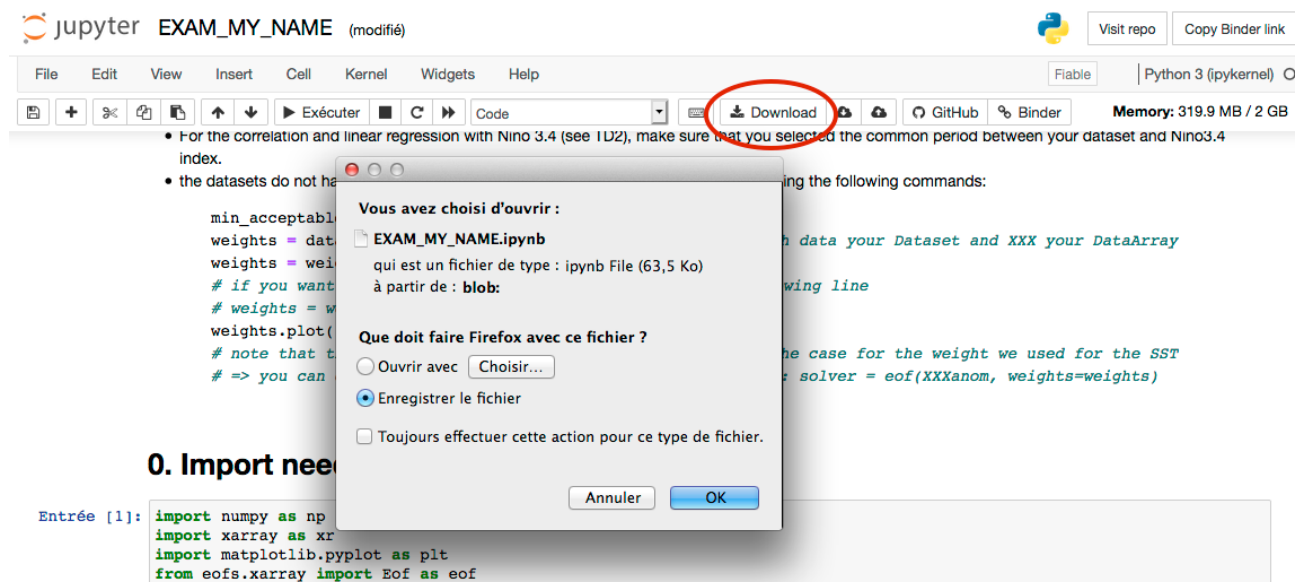

Open the EXAM notebook (<https://github.com/massonseb/TDENS>) with binder:

Rename this page to something else, for example EXAM_MY_NAME

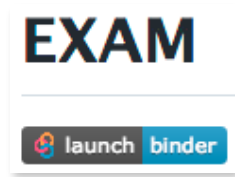

Modify your notebook as you want... and download it on your own machine

Reload your own notebook in binder

Open the EXAM notebook (<https://github.com/massonseb/TDENS>) with binder:

Open a new notebook in your binder session.

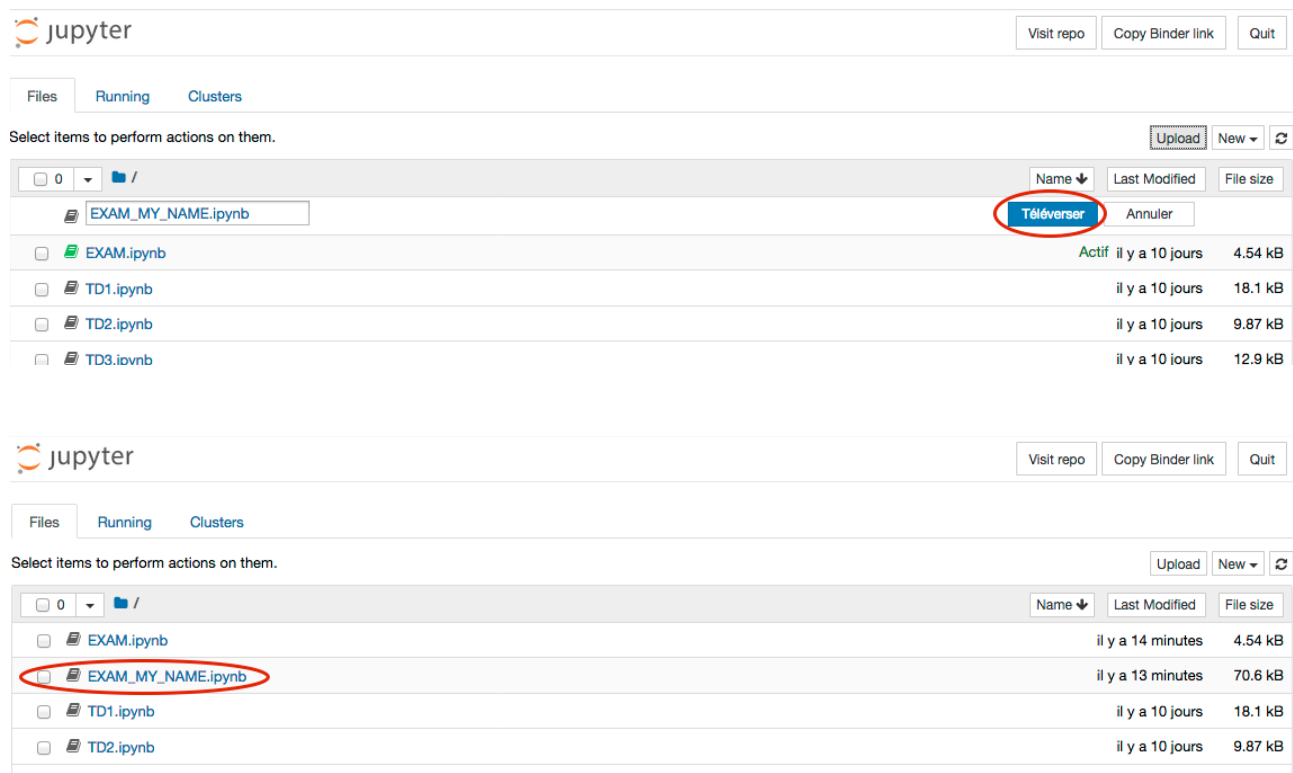

Upload your EXAM_MY_NAME notebook

The Jupyter interface shows the "Files" tab. The "Upload" button is circled in red. Below the file list, the "EXAM_MY_NAME.ipynb" file is highlighted with a red circle, and the "Téléverser" (Upload) button next to it is also circled in red.

Name	Last Modified	File size
EXAM.ipynb	il y a 10 jours	4.54 kB
TD1.ipynb	il y a 10 jours	18.1 kB
TD2.ipynb	il y a 10 jours	9.87 kB
TD3.ipynb	il y a 10 jours	12.9 kB
environment.yml	il y a 10 jours	249 B

Load it!

The Jupyter interface shows the "Files" tab. The "EXAM_MY_NAME.ipynb" file is now listed in the file list, and the "Téléverser" button is circled in red. Below the file list, the "EXAM_MY_NAME.ipynb" file is highlighted with a red circle, and the "Téléverser" button next to it is also circled in red.

Name	Last Modified	File size
EXAM.ipynb	il y a 14 minutes	4.54 kB
EXAM_MY_NAME.ipynb	il y a 13 minutes	70.6 kB
TD1.ipynb	il y a 10 jours	18.1 kB
TD2.ipynb	il y a 10 jours	9.87 kB
